### **RESPONSE TO RESTRICTION REQUIREMENT**

MS Amendment  
Commissioner for Patents  
P.O. Box 1450  
Alexandria, VA 22313-1450

Dear Sir:

In response to the restriction requirement set forth in the Office Action mailed September 30, 2005 (Paper No. 09272005), applicant hereby provisionally elects Claims 1-11, and 19-25 for continued examination, with traverse.

The Examiner has required restriction between two groups as follows:

- I. Claims 1-11 and 19-25, drawn to a capsule endoscope, classified in class 600, subclass 109.
- II. Claims 12-18, drawn to a method for forming a capsule endoscope, classified in class 438, subclass 459.

A Restriction may be required if two or more independent and distinct inventions are claimed in a single application (37 CFR 1.142(a)). However, in the present application, although

{S:\08211\0200237-USO\80039897.DOC (00000000000000000000000000000000)}

Application No.: 10/643,457

Docket No.: 08211/0200237-US0/P05501

the claimed subject matter may be classifiable in different classes, the inventions are not independent. Furthermore, the provisional election of Group I, which includes Claims 1 - 11 and 19-25, is not an admission of two independent inventions claimed in the present application. Rather, this provisional election with traverse has been made in the interest of expediting the allowance of at least the elected claims.

If the Examiner is aware of another method to make the product as claimed, using a process which is materially different from that set forth in the restricted claims, applicant respectfully requests the Examiner to substantiate his position in greater detail. Otherwise, it is respectfully requested that the restriction requirement be withdrawn, and that each of claims 1-25 presently pending in this application be examined.

Dated: October 5, 2005

Respectfully submitted,

By 

John V. Branch
